

**1908**

39 mm, platinum, polished finish

**The Perpetual 1908  
features a 39 mm case  
in platinum with an  
alligator leather strap.**

ICE-BLUE DIAL

## An exclusive signature

The ice blue dial features a guilloché rice-grain motif. This rosette-like design is distinctive for its three-dimensional, repeating geometric pattern that extends across the surface of the dial starting from the small seconds counter at 6 o'clock. The minute track around the dial is flanked by a finely crimped guilloché-work border. With the introduction of a dial created via guillochage, or engine turning – a technique that uses a graver to sculpt a pattern into a surface – Rolex is pursuing the course it has set for the Perpetual collection as a tribute to the classic art of watchmaking infused

with the brand's know-how and creativity. This exclusive dial bears the same Arabic numerals 3, 9 and 12, the same faceted hour markers and the same hands as that of the 18 ct gold versions.

This exclusive dial colour can be found only on the Day-Date, the Cosmograph Daytona and the Perpetual 1908.

DOMED AND FLUTED BEZEL

## Divided bezel

This elegant and understated watch features a slim case crowned with a bezel that is part domed and part finely fluted – the lower part being given an elegant fluting and the upper part domed.

PLATINUM

## The noblest of metals

Rare and precious, platinum is striking for its silvery whiteness and vibrant luminosity. It is among the densest and heaviest metals in the world, distinguished by unique chemical and physical properties such as exceptional corrosion resistance.

Paradoxically, it is also soft, elastic and highly malleable, which makes machining and polishing especially difficult, demanding an extremely high degree of skill. Rolex always uses 950 platinum, an alloy consisting of 950‰ (thousandths)

platinum, painstakingly crafted in-house by the fine metalworkers at Rolex. The noblest of metals for the finest of watches.

A LUXURIOUS STRAP

## Individually tailored

This 1908 version is fitted on an alligator leather strap. This elegant strap is distinctive for its green calfskin lining and tone-on-tone stitching.

It is equipped with a Dualclasp, a double folding clasp, in platinum. Thanks to its carefully designed shape, the Dualclasp always sits centered on the wrist.

Reference 52506

## Model Case

---

### Type

39 mm, platinum, polished finish

### Diameter

39 mm

### Material

Platinum

### Bezel

Domed and fluted

### Winding Crown

Domed

### Crystal

Scratch-resistant sapphire

### Water Resistance

Waterproof to 50 metres / 165 feet

## Movement

---

### Type

Perpetual, mechanical, self-winding

### Calibre

7140, manufacture Rolex

### Precision

-2/+2 sec/day, after casing

### Oscillator

Syloxi hairspring in silicon with patented geometry. High-performance Paraflex shock absorbers

### Winding

Bidirectional self-winding via Perpetual rotor

### Power reserve

Approximately 66 hours

## Functions

Centre hour and minute hands,  
small seconds hand at 6 o'clock.  
Stop-seconds for exact time setting

## Bracelet

---

### Type

Leather strap

### Clasp

Double folding Dualclasp

### Bracelet Material

Matt brown alligator leather

## Dial

---

### Type

Ice blue, rice-grain motif

## Certification

---

### Type

Superlative Chronometer (COSC +  
Rolex certification after casing)
