

GMT-Master II

Oyster, 40 mm, Everose gold

**The Oyster Perpetual
GMT-Master II in 18 ct
Everose gold with a
tiger iron dial and an
Oyster bracelet.**

TIGER IRON

Complex structure

This GMT-Master II features a dial in tiger iron. This metamorphic rock, used by Rolex for the first time on this watch, is characterized by its complex structure

Composed of three minerals – tiger's eye, red jasper and silvery hematite – it is a stone that pulses with golden and orangey tints, which, following painstaking selection and meticulous assembly, marry harmoniously with the colours of the case and bracelet.

24-HOUR ROTATABLE BEZEL

Innovative high- technology

This model features a tiger iron dial and a two-colour Cerachrom bezel insert in brown and black ceramic. In addition to conventional hour, minute and seconds hands, the GMT-Master II features an arrow-tipped hand, which circles the dial once every 24 hours, as well as a bidirectional rotatable 24-hour graduated bezel.

The distinctively coloured 24-hour hand displays the “home” reference time in a first time zone

which can be read on the graduations on the bezel. The traveller's local time is easily set by "jumping" from hour to hour, thanks to an ingenious mechanism operated via the winding crown: the hour hand can be adjusted forwards or backwards independently of the minute and seconds hands. This allows travellers to adapt to their new time zone without affecting the precision of their timekeeping.

18 CT EVEROSE GOLD

An exclusive patent

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 ct pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 ct Everose is used on all Rolex Oyster models in pink gold.

THE OYSTER BRACELET

Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex.

This ingenious system allows the wearer to increase the bracelet length by approximately 5

mm, providing additional comfort in any circumstance.

Monobloc middle case, screw-down case back and winding crown

Winding Crown

Screw-down, Triplock triple waterproofness system

Crystal

Scratch-resistant sapphire, Cyclops lens over the date

Water Resistance

Waterproof to 100 metres / 330 feet

Movement

Type

Perpetual, mechanical, self-winding, GMT function

Calibre

3285, Manufacture Rolex

Precision

-2/+2 sec/day, after casing

Oscillator

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

Winding

Bidirectional self-winding via
Perpetual rotor

Power reserve

Approximately 70 hours

Functions

Centre hour, minute and seconds
hands. 24-hour display. Second
time zone with independent rapid-
setting of the hour hand.

Instantaneous date. Stop-seconds
for precise time setting

Bracelet

Type

Oyster, three-piece solid links

Clasp

Folding Oysterlock safety clasp with
Easylink 5 mm comfort extension
link

Bracelet Material

18 ct Everose gold

Dial

Type

Tiger iron

Details

Highly legible Chromalight display
with long-lasting blue luminescence

Certification

Type

Superlative Chronometer (COSC +
Rolex certification after casing)
