

# Oyster Perpetual 31

Oyster, 31 mm, Oystersteel and yellow gold

**This Oyster Perpetual 31  
in Oystersteel and  
yellow gold symbolizes  
the celebration of 100  
years of the Oyster.**

SLATE DIAL

## Celebrating 100 years

On the slate dial – a new colour for the Oyster Perpetual range – the inscription ‘100 years’ appears at 6 o’clock in place of the usual ‘Swiss Made’ marking.

Moreover, each five-minute interval on the minute track is denoted by a green square, and the name ‘Rolex’ is pad printed in the same green, the brand’s emblematic colour.

YELLOW ROLESOR

## A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

THE OYSTER BRACELET

## Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology.

First introduced in the late 1930s, this particularly robust and comfortable metal bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection. For the Oyster Perpetual models the Oyster bracelet is fitted with an Oysterclasp.

2232 MOVEMENT

## Superlative performance

Unveiled in 2020, calibre 2232 is a new-generation self-winding mechanical movement entirely developed and manufactured by Rolex. Fitted with a Syloxi hairspring in silicon, patented, it offers a superlative level of chronometric performance.

Insensitive to magnetic fields, the Syloxi hairspring provides great stability in the face of temperature variations and remains up to 10 times more

precise than a traditional hairspring in case of shocks. Its patented geometry ensures its regularity in any position.
